Boarding Policy

- All dogs must have current immunizations against: DHLPP/Parvo, Rabies, Bordetella. All cats must have current immunizations against Feline Distemper, Rhinotracheitis, Calici Virus, and RABIES.
- All animals must be examined by one of our veterinarians (within 6 months of boarding) to determine wellness and general health conditions. For optimal vaccine protection, any needed vaccines should be given 2 weeks prior to admission for boarding.
- All animals must be free of external parasites (fleas and ticks) when admitted for boarding, or must be treated upon admission to our hospital. It is strongly advised that animals be on one of our long lasting topical flea preventatives prior to boarding.
- A boarding admission form and consent waiver must be signed each time the pet is boarded. Pets will be discharged ONLY during our regular operation hours. (Mon-Fri 7 AM – 7 PM, Sat 8:30-1:00 PM)
- Any pet that requires veterinary attention while boarding will receive it at the discretion of the veterinarian and at the owner's expense. Owners will be charged appropriate fees for any and all treatment and medication needed.
- We furnish all normal food and bedding. Our regular canine diet is Iams dry soaked and mixed with Pedigree canned. Our regular feline diet is Iams dry with "Friskies" can. If you bring in your pet's own food – we will gladly feed it to your pet while they are boarding with us.
- We make every effort to be responsible for personal items that you choose to leave with your pet (blankets, toys, etc). However, because of our sanitation controls, these items may become lost or misplaced. We can not assume responsibility for the personal items that you leave with your pet.
- There is an additional boarding charge for all AGGRESSIVE PETS. Determination of "aggressive" is at the discretion of the on-duty Veterinarian.

I understand that should my pet require medical care while boarding with Covina Animal Hospital, I give my permission for said treatment. I request that every reasonable attempt be made to reach me by phone, but that I do accept financial responsibility for all charges incurred and agree to pay for such charges at the time of release of my pet. If I do not pick up my pet within 3 days of the designated release date it can be considered abandoned and CAH will start abandonment procedures in accordance of the laws of the State of California.
